

Product Take Back Program

In order to be good stewards of our products, KNU, LLC works to offer several options to customers once their furniture has reached the end of its originally intended life.

Since 2014, KNU, LLC has recommended the sustainable programs of ANEW for clients looking for a comprehensive take-back solution for surplus office furniture and materials of any kind. ANEW is a 501(c)(3) non-profit organization that exists to provide companies with smart, cost-effective alternatives for their surplus furniture and other items with the priority of matching it to non-profits, public agencies and the underserved, within the local community of the project site. Corporate Social Responsibility is raised while the impact on the environment is lowered by diverting products and materials otherwise destined for the landfill.
