## Max Sleepers

The Max Series of Sleep Sofas has continued to be one of our fastest growing categories in terms of sales, models, and product enhancements. It is called Max, because it “maximizes” the user experience by providing multiple ways to utilize this product while never growing or expanding from its original footprint. The patent-pending Max Sleep Sofa with Hydraulic Lift Center Table allows users to sit and have an end table surface at the seated height, and if extended up, users’ legs can fit underneath the table and it can be used as a dining surface, working surface, or to simply enjoy a game of cards with friends or relatives.

The Max Series of Sleep Sofas has many different options to choose from to enhance the performance and comfort of the product, from leg rest extensions and locking casters, to power modules and surface materials.
