

Durable® Series Controlled Patient Environment Recliner

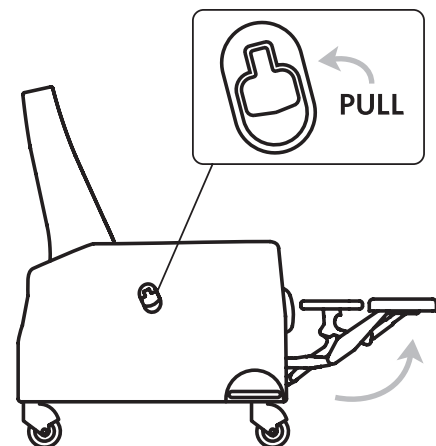

Safeguarding Patient Wellness

The Controlled Patient Environment Recliner is a specialized version of the flagship Durable® Series, designed to give caregivers increased control of user wellness. A simple pull lever replaces the traditional recline handle for operation, while tamper-resistant hardware further reduces variables in the patient environment.

Highlights

- Cable release footrest operation avoids need for recline handle
- Tamper-resistant hardware
- Available with 22" or 24" seat width (650 lb weight rating), as well as bariatric 29" wide seat (750 lb weight rating)
- Standard with central lock & steer system to avoid use of casters with individual brake tabs
